

GUARANTEE

Aura T8 LED retrofit G2

Aura Light AB, Vimmerby (Sweden), grants a guarantee for all installed **Aura T8 LED retrofit G2**.

Aura Light offers a 3-year guarantee for **Aura T8 LED retrofit G2**. The guarantee is based on L70 i.e. 70% light output remaining with 30% lumen depreciation. The guarantee covers defects in components and materials not derived from improper handling, incorrect electrical parameters, incorrect installation or usage outside defined ambient temperatures.

When the failure rate is more than 10% (0,2% per 1000 hours) or the light output is below 70% within the guaranteed time, the defect products above 10% will be compensated free of charge. A claim for damages cannot be constituted based on this guarantee.

Note: Due to technical advancements it is possible that future deliveries may differ from the original product.

The validity of the guarantee is based on the following conditions:

1. Installation must take place in a IEC/EN standards produced luminaire and the **Aura T8 LED retrofit G2** must be installed according to the installation instructions.
2. Only a non-functional series of LEDs or complete failure of **Aura T8 LED retrofit G2** confirmed by Aura Light laboratory can be considered a defect as long as the **Aura T8 LED retrofit G2** is within the limits of L70.
3. Installation costs for lamp replacement within the guaranteed time is not covered by this guarantee.
4. The guarantee is valid from day of installation which has to be recorded by the user.
5. For ambient temperatures above -10 degrees Celsius the guarantee is based on any and all switching cycles. In ambient temperatures below -10 degrees Celsius, the guarantee is based on a 12 hour switching cycle (11 h on, 1 h off).
6. After announcement every defect lamp has to be returned to Aura Light for a test in the Aura Light laboratory. Only failures confirmed by the laboratory test will lead to guarantee compensation.
